Octavia and Bob Starr again asked me to pass along their thanks for all that ya'll are doing. Octavia said before this happened she didn't realize that there were so many people willing to help when times got tough. Bob's hoping the Grand Jury will no-bill him Wednesday, he said if that happened, Octavia, Logan and himself will be at the meeting this weekend in Gallant, to personally thank each and every one of you.

Bob's trying to prepare a statement to be recorded and played at the meeting (just in case he gets indicted), but he said he doesn't really know what to say or how to express his appreciation, because mere words are not enough.

The latest evidence and testimony that our investigation has turned up has really elevated Bob and Octavia's spirits. This is a landmark case, headed by one of the best attorneys in the business, Nancy Lord, who will be at the meeting this weekend.

When this case is finished it will definitely put a cease to the government paying "snitches" to do illegal acts against honest, law abiding citizens.

There is plenty of evidence in this case to put these paid "snitches" in jail for multiple violations. Maybe we can see this come about after Starr and McCrainie are released.

PS: be sure to get a copy of next month's Media Bypass, so you can see the ATF agent in charge of the Bob Starr arrest, agent Bart "Simpson" McEntire, also there is a brief write up on how he "lost his cool," in typical ATF fashion, with a Gadsden Minutemen member at the recent hearing of Bob Starr. Bart worked in Birmingham, Al. as the undercover man who arrested Mr. Riccio (avowed neo-nazi), after which, he was sent to DC to shine a seat for a while, then transferred to Macon, Ga., as Resident Agent in Charge....no wonder Atlanta ATF has taken the Starr case away from Macon ATF.
